

Biostatistics Consortium

Improving the Quality of Medical Research

CELEBRATES

NATIONAL STATISTICS DAY 2024

JUNE 29, 2024

In this event, we'll explore how to move beyond simply knowing if a result is statistically significant, and instead focus on its real-world implications for patient care. This session is designed for healthcare professionals, researchers, and anyone interested in understanding how data can be used to improve medical decision-making.

DURATION

3 hours - 15:00 to 18:00

MODE

Virtual

Theme

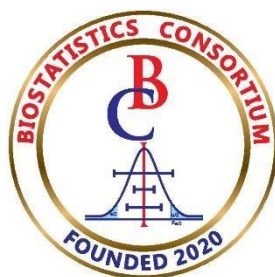

Interpreting Medical Data in Healthcare: Aligning Statistical Significance with Practical Medical Impact

REGISTRATION DETAILS

Mandatory Registration
(Free of Charge)

A certificate of attendance will be provided

Hurry up for Registration

National Statistics Day 2024
